

Hundreds or thousands of years ago, why not millions of years of your time?

The current or maybe it was or will be after this hour, after you disappear and some of your likes remain as usual, but do not worry this time it will be different, the important thing is that you will not know the history of these events but

You will see and hear it as did your grandparents or your children and everyone who is your cheap, rotten offspring, the offspring of servants and the lowest of God's creatures. In him is his secret, how can you be a creature of weak, mean, ugly, ignorant clay, and God places in you that great secret

You may ask yourself who this is and why
this talk - that I am the devil or what you call
Satan or the prince of hell.,

The names may differ, but the goal is the
same, and that is to destroy your offspring
with those who preceded you and those
who will follow you.

The important thing is don't be afraid, today
is different if you see that smile on my face,
it means I heard you don't worry

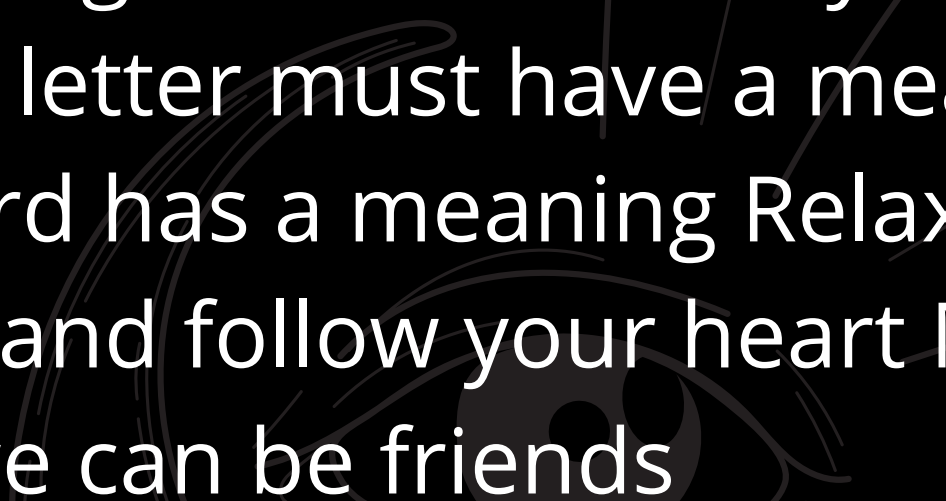

Don't worry, today is different from others, I just got a little bored, as you know, I'm one of the theorists until the promised day, and I decided to talk to someone today, and maybe I'll kill you after the talk is over.

Well okay sorry but really how I love that you always think I'm the villain in the story, and don't rush the decision.

No killing or anything, I can't stand the color of blood, only tears open my appetite

You afraid again Don't worry I'm joking
Didn't I tell you that I'm bored today The
problem of your gender is that they are very
serious Every letter must have a meaning
and every word has a meaning Relax your
mind with me and follow your heart Maybe
we can be friends

The important thing is to listen carefully. We will play a challenging game, and you are the one who will decide right or wrong. You are the judge today, and the judge is the judge. Today, the decision is yours, and not only, and you have a prize from me if you are one of the winners.

Azan come with me and close the door
Now go sit there I'll be back in a little while

I'm back sorry for the delay I had to bring my books
as you know science and knowledge is the most
powerful weapon your ancestors used to say this
The fact that they are right despite my hatred for
them, but the truth is told.

Go ahead, do not be shy, everything is in front of you.
Here is the juice and taste this cheese. These are
some of the grains. They are from my garden. This is
the season of cherries and figs.
And if you want anything asked from me, don't be
shy, you are my guest today

Well I know you're waiting to play, so let's
get started,

The rules of the game will be I will present to
you an idea, and if you agree with me: 5
points, and if you disagree with me, you
have two points, and if you have another
opinion or modify my opinion: you get 5
points

Let's start with the first question about the
first creation. Who is the first creation?

The book, the pen, the throne, or who is it?

Ok, wait for your answer, then here is my
answer, then you put points

My answer is what is before the throne and
the pen and the book is the light or what is
called the soul, and as mentioned about the
soul in the book of God

And they ask you about the spirit (Al-Isra 85).
Say, "The spirit is from the command of my
Lord, and you are not given of knowledge
but a little." (Al-Isra 85)

And also on the Day the Spirit and the
angels will rise in rows (Al-Naba 38)

These verses show that the soul is created
by God's command, and it shows the
loftiness of its stature, with its secrets and
many other verses

And when it was mentioned in some hadiths
that Muhammad was created before all
creation and before Adam, who is
Muhammad and what is the relationship
between Muhammad and the soul or what
some call the light
The point is, I don't know

Do not forget to count the numbers, the
next question is why did God send down
different books and why each book
preferred its people and forgot the others,
knowing that the earth is very wide,
meaning there are many who were wronged
because of this preference
Please take your time
And this is my answer. I think

that God favored a people over others as it came in his book, O Children of Israel, remember my blessing that I bestowed upon you and that I preferred you over the worlds.

And it is not only here that preference is given, but also that among the prophets the preference of some over others

Do not forget to count the numbers, the next question is why did God send down different books and why each book preferred its people and forgot the others, knowing that the earth is very wide, meaning there are many who were wronged because of this preference

Please take your time

And this is my answer. I think that God favored a people over others as it came in his book, O Children of Israel, remember my blessing that I bestowed upon you and that I preferred you over the worlds.

And it is not only here that preference is given, but also that among the prophets the preference of some over others

The strange thing is that he commands us
not to differentiate between one of his
messengers, while he prefers an entire
nation over another

My answer is God is racist or the Qur'an is
distorted

Sorry, I forgot. These are some of the
sweets. They are very delicious. Children
love them a lot, especially women, the
sweetest sweetness on their hearts. It
reminds me of childhood days.

Why the difference between men and
women in all religions?

Look, take as much time as you want while
I dictate my answer to you

My answer is, I think that God prefers men
over women, as usual. This God acts as He
wills. Either you or I. If we act as we wish, we
will be among the unjust.

Well, there is not much left

Why are the rulings of God in the various
monotheistic religions not characterized by
mercy from the Christian churches?

And the rulings of Jews and Muslims
From stoning to burning to the skin and
even murder

My answer, with your permission, is that he
does whatever he wants, there is no justice

He prefers those who love, throw stones,
and stone whomever they want. Therefore,
it is not permissible to rule by God, or at
least use it. It may differ due to time and
from one category to another according to
the ability to understand and develop
human concepts as they are in your time
now.

He was a people of jurisprudence in social
sciences and freedom and was founded
thanks to the best people from their
ancestors

My opinion is that dealing with religion is according
to the awareness of mankind

The more the human soul rises to maturity, the less
it is used. An opinion. Perhaps God wants you to
learn by yourselves, like giving birth to a small child,
to be gentle in the beginning, and Adam grew up in
Paradise, then became hard on him a little, so he
descended to the earth, then violence must be
used to understand, and this is due to the lack of
human awareness in that time until he became rise
a little bit

This is a summary of my opinion

What do you think, my dear guest?
But take a piece of sweet that helps you
think and don't tire yourself in thinking

Next question

Is Satan really evil, or is the mind of man who is deluded by fictional stories, or is he evil God, but man has deluded his mind with imagination for fear of confessing an unjust God?

Think well and remember that you agreed to
unfairness sometimes

What is important is an opinion on this
Using fear and exploiting the helplessness
and weakness of some of them to push
them to believe

Isn't this abuse of power?

I really don't know, but I think you are
waiting

Now the consensus of the points and did
you find it more than 10 or less

Then unanimously, how many times did you
agree to my ideas and how many times did
my ideas appear?

How many times have you changed my
opinion?

This is how you fall into my nets and forget
that you were for the devil, a platform that
was little of

Most of you fall into mines, and what
reinforces your falling into my nets is your
ego. What I illusionized you is that it is not
arrogance, but pride. It is what distinguishes
you from others, and it is the mind, and
frankly, this is not what distinguishes you
Because if it was just mind am smarter than
you

You really ask me after all this!

By your question, I am sure that I have taught you well, and that you may know my generosity.

O fool, I made you doubt the
judgment of your Lord, and I made
you think about the judgment of your
Lord

How will you know when I have lived
for years that your mind will not
accept? I did not understand until
today why God chose you and
preferred you over the rest, lowest
creatures of the earth
And put what was placed in that
despicable soul

Truly, I do not understand, had I not seen
some of the signs of your Lord among some
of His servants, I would have denied the
existence of it

Whoever i were in his paradise residing
Do you want me to tell you a secret? Don't
trust me, idiot, for I am your enemy! Didn't
the one in the sky warn you?
and your illiterate messenger

You know what I like in your time is that most of you are more obedient to me than my sons and that is why I say about you the lowest of all creatures.

Do you think that I do not understand the religion, poor thing, my servant, but I do not blame you?

From the severity of my cunning, I made you
helpless

I made you see my prison as a paradise and
enjoying with my walls , not only this
I changed the meanings and letters, making
the concept of science a philosophy without
knowledge

I made logic and the known fiction
philosophy

Well I will tell you to go and look for
Fibonacci or look for the golden number
Well the last, see what the scholars of your
time said about those who lived thousands
of years before you

Or the link between Kabbalah and quantum
physics, even though I know you won't
understand

Or what did your book say about people
who were more powerful than you before
you?

And strength is knowledge

And your illiterate messenger believed that
most of you have no brains at the end of
time

What about the saying of your Lord was the consequence of those who were more than them, they were stronger and raised the earth and more than Amrha and they came to their parents.

There are many more of these verses

I almost became a preacher from the height
of backwardness of the people of your time,
but vanity was my virtue over you
You might say what do you want to say with
all this?

I made you believe that your ancestors were
monkeys and in the caves they lived and
with the approval of the people of
knowledge

Or what you called the people of knowledge
and made it an idea of aliens

It is permissible, as for the devils, it is not
permissible with the approval of the people
of knowledge

Make fiction a reality, and reality is a fantasy

science = facts

science #facts

logic = philosophy

Logic #philosophy

Logic=facts

If I tell you do you believe in the existence of
God / the point is that the concept of faith
It differs from the concept of fixed facts with
undoubted evidence
like

Do you believe in the existence of the sun?
Answering this question is crazy

And more than this I will not say, although
there are more, my creatures
And most of what you do today is follow my
command
that you and your father and your sons
follow

A commandment you used to keep more
than..... Sorry, I couldn't find the letters
because of your stupidity

How funny you are, tears almost fell from
my eyes and I am the devil

Truly, as I say to my children, follow the
lowest of creatures in my obedience

I set you as a good example to my children

You still reject my judgment, or do you want
me to tell you about how I made most of
you have no Islam?

Yes, we will not talk about other religions
because those religions are Islam

The rest of the books are my books
But even he knows he still says people of my
books, what ever what the wisdom in that
Are you surprised by this!!

Example

Revelation 13:18

Here is wisdom. He who has understanding, let him count the number of the beast, for it is the number of a human being, and its number is six hundred and sixty-six

$$13 \times 18 = 234$$

$$4 + 3 + 2 = 9$$

$$432 + 234 = 666$$

And who told you that this proverb is true or
does exist at all, maybe it does?

But why are you waiting for me to give you
an example?

Wasn't the distortion of those books
mentioned in the Qur'an, I forgot that I
teach you to
leave it

Well, if you want to understand, listen, even
though I know you won't
The books are different, but the original is
the same, and the ideas are the same
But I made it branches and divided it into
parts and preferred some of you over
others. I will give you an example for you to
understand

The Children of Israel were not given
preference
how?

The message is preference, and whoever is
chosen to carry the message is preferred, so
the origin is the message.

Therefore, the holder is from
Favorites because of the message

I will give you an example so that you may
understand, even though I know that you
did not

I bear witness, O you who preferred them
from me, today I am their messenger

Why does your Lord say in your book; no
differentiate between one of his
messengers?

If he commanded you not to differentiate
between any of them and he mentioned to
you that Islam is the true religion

Here there are two explanations is that they
were all Muslims and

Only the pillars differ, but the origin is the
same, or is the religion contradictory?

But praise me, for I have done well for you
and your people in education
And made them sects wrestle

Even that look in your eyes now is of my
own making

Don't even blame me for what I've done
The merit of that is that your race loves to
exalt itself

And I was not one of the stingers, and I
wanted to fulfill the request

So you became Jews, Christians and
Muslims, and each group was divided into
ten other groups and more

Despite the cleverness of your Lamy
Messenger

It was a bit boring will, and some of it was
devoted to it

The thoughts of the ignorant and come on,
there is no difference between so-and-so,
there is no difference between colors
And he sent dry leaves to the kings of the
earth

And..... he was your illiterate
messenger.....

The point , all Messengers and the Prophets
They were copying the law of others until
everyone was copied
By the law of your illiterate prophet to be
the seal of the prophets, and how much I
hated him for that honor.

And how much I hated him for that honor,
and I did not stand silent, but did the actions
and temptations that your mind will not be
able to imagine, even by drinking the wines
of the world, not only my treasury

You did not and you will not understand, but
today you are well.

Listen, your demon today has decided to be
a preacher

I am the master of the children of Adam on
the Day of Resurrection and the first on
whom the moon will split

And the first to intercede and the first to
intercede

(Narrated by Muslim Al-Fada'il 4223)

Yes, that is why I made everyone curse him,
make fun of him, and despise him, and you
were not able to read my legend now or
anyone else, and everyone in his nation
today can't move a finger only his mouths
as I have authorized you
I will not tell you more. It is better to remain
ignorant about that
Destroy the illiterate Prophet's

If i say more, you will not understand, it is
impossible for the slightest of creatures
Understanding this is why I detest your
illiterate prophet

What if I told you his name was engraved with
my lord ?

Engraved even in the gates of heaven and the
throne

Today I made the word There is no god but
God, and Muhammad is the Messenger of God

A word that refers only to terrorism or the
virtuous morals of my children

Don't think too much, you won't understand,
little creatures, just light a cigarette
And go ahead and listen, my dear guest

And I did not make a banner for that word
with its greatness with my Creator
I made it the lowest of words. Rather, I
raised the entire banner, even the banner of
of LGBT , except that banner I did not raise
and will not be raised.
And if you raise it in a place only for the
purpose of desecration

And I sent my loved ones dancing in his
house and its pillars, and my followers
fornicated with them and on his secrets
place

**The Creator cursed me
And I give it to his
servants**

As I told you today, you are more obedient
to me than my children

Yes, just light that cigarette and watch and
soon you will see me in front of you with my
loved ones

What I did is what I got today

Rise at the height of humiliation, but
humiliation is dearer than you today. I will
kill you, kill your children, and trade them
and your daughters.

I killed many of your people and rape many
more than I can handle

Just light a cigarette and I can talk to you

My beloved, beautiful guest, you are more
loyal to me than my children. You did as I
commanded and did not move a finger
And I will read to you that commandment
that all demons know

The demons of mankind and the jinn
learned it

As your fathers know it, and your son will
soon follow it

I think you drank too much because of what
you hear and I talked too much
But before I read the will, I want you to
understand something that if i writes a
thousand pages and mention in it what i
have done, your mind will not accept it.
Today I am laughing at you, O lowest of
God's creatures.

As someone said

If we want something other than Islam
You complete the rest. Come, I dictate to
you the commandment that is a
commandment

In the name of Satan , the Savior of the
servants

patriotism / thought / belonging / equality /
freedom /

Well, you want to know why these words are
in my will?

Look at these words, their letters are
beautiful, but their numbers are terrifying.
The meaning is the same, even if the names
are different
yes, these are tools of sedition, division and
wars

Funny, the results of these words were higher than the results of the words of religions in efficiency. These words are beyond imagination.

Yes, I created a new religion for you, and from your guidance you believed that it was made by you

And here I do not feel remorse for saying
the lowest creatures

Like I said, if i fill a thousand pages, you
won't understand

Forgive me, you took me pride in what i did
with the people of your time, and it
reminded me of the days of..... . I always
played my instruments or small pieces of my
solos before every extermination. You will
find some of them here and there among
the tears.

Come on, just what opens my appetite for playing, especially those tears are tears of the lowest of creatures.

When doom comes to them, you will find some of my melodies in the corners of time

Well, I know your head is about to explode
with all this

I will continue reading the will, and often i
won't stop to explain again. If you want to
understand, you will understand, from my
knowledge, it is impossible for you to
understand, because I am the devil from
your appearance and I know from you

How can I not be your master behind the
curtain, pretending to be my lord ??

I will continue reading the will

In the name of Satan , the Savior of the
servants

Love and hate are imposed on you
With my luminous hidden words, and this
light came down on your hearts
And you were sincerely humbled to him,
loved a pet in my heart

And believe your chest with my light whose
deposits are not lost
I inhabited you in my garden, and I was your
guardian, shepherd, and protector
I am the judge and the one
I advise you not to follow the losers from the
followers of the illiterate religion, the
religion of your ancestors

I said about him a reactionary, retarded in
freedom, who does not understand

You were faithful to my words, obedient,
and loyal to me

With wisdom and guidance, you became
after ignorance and backwardness

Well done to me, and I did well to you, and I
settled you in my farm

I trusted you with my blessings and from here
You are free to choose who will take care of
you

You are free to defend him or leave
But it is forbidden for you to go out of the
gates. Those are the limits of My mercy, and
I do not desire evil for My servants. My
mercy encompasses everything.

I have forbidden you to defend the
unlettered religion of the Prophet
Those are the major major sins, and if you
do, I promise you a true promise that you
will be cursed and those who are angry
with them from among the worlds
And Hell is his abode, and there is no
intercessor

You were required to follow the two
luminous words whose secret is hidden

It is a mercy to the servants

Say freedom, equality, national affiliation

And be a martyr among the honored who
are defenders of freedom

And to my party loyal

There is nothing wrong with you if you die
for an idea that supports freedoms we allow
We give you examples so that you may be
rational and guided
To LGBT Sand
Killing children and women in defense of the
religion of your master
There is nothing wrong with this too

Read and think that we love the mature
thinkers who are guided by wisdom

But if he returns against the rule of your
master plans , then there is no good in him,
either

Especially with regard to religion, I am
understanding and liberated in thought, and
the difference is that I have mercy on the
people and the country

Diversity is better than one straight row
be four hundred

On the authority of the illiterate Prophet's
ascension, close your eyes is one of the
taboos

And to my loved ones who were profane the
the House of your Lord and the pillars of the
House of your Messenger

May the peace and blessings of me be upon
them, so you will be among the righteous
and in gardens of Satan

And do not be one of the wrongdoers like
the unlettered Messenger who did
corruption in the earth and those in it, so
the consequence was for them

And Satan does not waste the reward of the
faithful

This commandment is known to all demons
of the jinn and mankind

But since you are my guest, I decided to give
you a commandment from the devil
Himself

Remember what your messenger said and the story of his Jewish neighbor, or what I like to call him the Jew who threw his remains in front of his house, and your messenger did nothing of his good manners

As for the wars, they were a usurpation of freedom from your Messenger. Glory be to the one who does not make mistakes

Be peaceful and tolerant of every rapist, and
do not forget

Be positive and do not frown, and you will
find maturity, and you will see only if your
heart is human, only if you meditate and
guide your mind with a sound thought, and
from the adults you will be

Be peaceful and tolerant of every rapist, and
do not forget

Be positive and do not frown, and you will
find maturity, and you will see only if your
heart is human, only if you meditate and
guide your mind with a sound thought, and
from the adults you will be

You would have known the pleasure that I bestowed upon you in the hour of virtuous rape, and how close I made you to your Lord in prostration, supplication and prayer .

**We are observant of
religion, not rights that
are violated**

Oh, my downtrodden servant, I am for you with
guidance and advice, and I do not want evil for
you, and in my garden you will receive peace
Oh my servant, I know about you, so do not be
concerned with anything but the color you
represent.

And for your generations, be of a rational mind,
teach them the rights and the knowledge of
pseudoscience, and prevent them the knowledge
of the ancients, especially the first of the nations,
and say about them apes,

And said about them in caves lived, don't
show them what they made of civilizations,
nor the knowledge they bear witness, for it
is only for the honorable.

And the accursed if the heart follows

To my obedience love them, and my grace encompasses everything that is neither permissible nor forbidden. Do what you want. You are free and from my generosity. I did not ask you to kennel down . I take care of rights and you are close to my heart.

And my freedom over My servants is wide, for the youngest before the old , there is no difference between Adam and Eve

**You born free in Lilith
Park, and be for our
children obedient
Servent**

Why is your face yellow ok I'll make you one
of the winners and show you
My beloved's will

Don't worry you will like it

my beloved, from the community of virtue and the
elect in judgment

The land is as I promised you, and I fulfilled, and
your ancestors witnessed my promise as martyrs

You are the one who taught my knowledge and the
knowledge of the ancients, and preserved the
security, so I was your protector, and my mercy
expanded everything

**You are the chosen to remain in
the corner of time and witness
my greatest promise and justice
will prevail in the corners of this
earth**

**And all who in earth will kneel
down to you**

**You born free and free
in the safer castle , and
be for our children
obedient
humble as you have
been taught**

If you like it, if you do not like this, there is no left
only this

From my good manners and justice to the servants, go now to your Lord with justice and perhaps ask help. Why not, if you ask for forgiveness and do not forget the sustenance, of course, and the blessing in it

Go and do not forget to pray to your Lord to destroy me by transgressing these blasphemous words.

And after you finish, take your hand and go to sleep, for tomorrow you have many duty , and do not forget to wake up early, as your beloved Messenger said

And enjoy the beauty of my farm

what are you going to choose

I heard you say, I'll finish my words with advice to
you, my guest

Remember that our servants are patrons

I allow you to practice religion

I allowed you to establish prayer and the pillars of
religion

This is because we are a religious party

We left you the freedom of opinion and expression,
knowing your weakness, and my mercy expanded
everything

Oh my dear guest

In the time of my rule, the blind and the
sighted are cursed

And the moon turns red ashamed of my
actions

The sky makes ways for the gates of the
earth with what has known

The earth turned red in anger
And the blackness of the sky is sad
It was a truly devastating promise

Don't make me laugh, you really ask me where we'll be
when this happens

I will tell you where you will be
dancing, fun, careless

Now go, do not be afraid, and if you scream in front of
everyone that you have speak to the devil, you will
only be one of the madmen, and do not grieve for
what you heard

Just go and have fun and don't worry, you can't change
anything

Only you can change the quality of your cigarettes

And remember that you speak to Satan before your
end

Be thankful, I do not like the despondent.
